URGENT
MAYOR'S BUDGET-CUTS
SURVEY

We Need Your Help

You may have seen the recent announcement by the Auckland Mayor to reduce Council spending by \$295 million over the next financial year - [click here to read the full proposal](#). While reducing Council spending in order to keep rate rises low may be lauded by many, the result is a potential funding cut of up to **50% to**

Community Facilities across Auckland including here in the Kaipātiki Ward. We are asking our stakeholders and user groups to help provide their feedback on this proposal as it could result in the **closure of facilities** including our Glenfield Community Centre. Our position in relation to this is a straightforward **"No - Don't"** and you can show your support by **following this link** and completing the survey so we can provide direct feedback to an upcoming meeting of our Local Board. **Thank you for your support.**
